Just a few words about our Shoes: Many people know the reputation of the Smith & Stoughton Shoes. There are some that do not, but just now it looks as if everybody will know the Smith & Stoughton Shoes. Our sales on these goods, considering that we have them in but a few days, is marvelous. The fit of our shoes is great, a rare thing for a customer to try on the second pair. The best fitting and feeling shoes I ever put on, is the common remark made upon putting on a pair of our Smith & Stoughton Shoes. See our window display.

THE BEANBAKE.

A Large Crowd Present and Good Music at Electric Park Last Evening.

The splendid Mayville Band was a drawing card last night at Electric Park, and there was a much larger attendance than on the previous evening.

The feature was an eloquent and patriotic address from the Hon. W. G. Deering of Flemingsburg, who paid high tribute to the American soldier—whether he wore the Blue or whether he wore the Gray.

Mr. Deering was followed by Captain John S. Foster of Springfield, O., who commanded a company of Independent Cavalry during the War, and who gave the "boys" a spirited talk of a few minutes.

Candidates for the various elective and appointive offices were out in force, trying to convince the old soldiers that they ought to have their support.

Hon. Charles D. Newell will be present and address the meeting this evening.

Tickets of admission 10 cents, bean soup 5 cents extra.

To Cure Constipation Forever.

Campbell, Democratic nominee for Clerk of the Nicholas County Court, has withdrawn from the race, and the Democratic County Committee will meet at Carlisle Monday to name a nominee in his place. The slackwire act of the great Cyrene is something quite out of the ordinary, and stamps this good lady as an artist without an equal. This alone is worth far more than the price which admits to all the attractions.

The performances of the "rough riders" from the Wild West are thrilling enough to inspire a dime novelist, while the balloon ascensions and parachute drops fill to the full the cup of exciting things.

If you haven't been, by all means go today, for it will be a long time before another opportunity offers of so much for 25 cents.

KENTUCKY REPUBLICAN PLATFORM.

Adopted at Louisville, Aug. 16th, 1897.

Resolved, by the Republican party in Convention assembled—

First—That we reaffirm the principles of the

Republican party as set forth in the platform

adopted by it at St. Louis in 1860.

Second—That we endorse the Republican

National and State Administrations, and

especially commend the action of our present

state officials in their efforts to suppress mob

violence and to preserve the financial credit of

the state.

Third—We commend the action of the repre-

sentatives of the Republican party in the

passage of a Tariff bill which will raise revenue

sufficient to support the Government and

prevent the issue of interest-bearing bonds,

except in case of dire emergency, and to limit

the terms of service to four years, with the privilege

of reappointment or promotion, subject

to such restrictions as will secure competent

officials and give to every section of the country

its proper proportion of the patronage.

Fourth—We are opposed to a system of Civil

Service that builds up an official class with

practically a life tenure in almost all branches

of the public service, and we demand that the

Civil Service Law be modified so as to limit the

terms of service to four years, with the privilege

of reappointment or promotion, subject

to such restrictions as will secure competent

officials and give to every section of the country

its proper proportion of the patronage.

Fifth—That we recommend to the people the

adoption of the Constitutional amendment

submitted by the last Legislature, allowing all

cities and towns the privilege of regulating

under legislative supervision the method of

levying the taxes they impose on themselves

for city and town expenses.

Sixth—We favor the passage of a law that

will protect the laborers of Kentucky from the

competition of convict labor, and, if necessary

to accomplish said purpose, an amendment to

the Constitution permitting such legislation.

"The best way to get rid of a bad
law is to enforce it."—General Grant.

Therefore THE LEDGER favors the
right enforcement of the Civil Service
Law.

Commonwealth.

GAINES DENIES IT.
He Refutes a Report That He Will Attack
Gov. Bradley.

FRANKFORT, Ky., Sept. 25.—Louisville
afternoon paper contained a sensa-
tional publication Friday to the effect
that Capt. John Gaines would soon
give out a statement telling the "in-
terior" history of the bringing of the
famous Hunter indictments. It was
stated that this statement would be
made the basis of a suit in the federal
court of Gov. Hunter against Gov. Brad-
ley for conspiracy.

Capt. Gaines Friday gave out a state-
ment disclaiming any responsibility for
the publication and again exonerating
Gov. Bradley. He says there was abso-
lutely no foundation for the story, and
all he has to tell was told on the witness
stand in the Hunter trial. Gov. Brad-
ley denounced as infamous the effort to
connect him with the indictment
against Hunter and others.

New Kentucky Corporations.

FRANKFORT, Ky., Sept. 25.—There is
great rush of new incorporations in
the office of the secretary of state re-
cently, and also of articles by corpora-
tions filing notice of acceptance of the
provisions of the new constitution. This
is due to the fact that a large num-
ber of laws regulating private cor-
porations go into effect September 1st,
and this is a necessary step on the part
of corporations that desire to take the
benefits of these laws. Among those
which Friday filed notice of acceptance
of the constitution were the Permanent
Building association and the Cottage
Building Association. Local association, No. 1,
both of Covington.

No Case Against Bankers.

FLEMINGSBURG, Ky., Sept. 25.—The

turning six indictments. The war-
rants against David Wilson and Wat-

were accordingly dismissed.

GOOD HEADWAY
Made with the War Vessels
Under Construction,
With the Exception of The For-
tore Boats Last Ordered.

Peace Proclaimed at Montevideo—Final
Decision Reached by the Arbitrators in
the British Guinean-Venezuelan Dis-
pute as to the Fifth Arbitration.

WASHINGTON, Sept. 25.—According to
reports received at the navy depart-
ment from the various ship yards
where naval work is in progress, with
the exception of four torpedo boats
last ordered, good headway is being
made with the ships under construction.
These four boats are distributed among
the Harbors, the Harlan &
Hollingsworth, Wolf & Zwicker, and
the Gas Engine and Power company, and
while the actual work of construction
upon these has not begun, much
has been done in the gathering of
material to start the work.

The big shipyard at Bethlehem, Keas-
saw and Kentucky, at Newport News, are
41 per cent. advanced towards com-
pletion. The battleships Illinois, Albatross
and Wisconsin were ordered
later and they are not so well along,
the figures being 30 per cent. for the
big shipyard at Bethlehem, 25 per cent.
for the Alabama at Cranford and 14 per
cent. for the Wisconsin at the Union
iron works.

One canboat is now being built,
namely, the Princeton, at Dialogues,
in Camden, and this is 90 per cent. ad-
vanced. The submarine boat, the Plunger,
built at the Columbia iron works, is going
on rapidly, probably 75 per cent. com-
pleted. The work is more or less
entirely novel and the work is more
or less experimental. The state of work
on the torpedo boats is as follows:

Dodgers, 90 per cent.; Winnebago, 87
per cent.; Rowan, 80 per cent.; Dahlgren,
4 per cent.; Graven, 4 per cent.;
Farragut, 4 per cent.; Davis, 32 per
cent.; Fox, 40 per cent.; Talbot, 40 per
cent.; Gwin, 40 per cent.; Mackenzie, 40
per cent.; McKee, 15 per cent.

A canboat received at the state de-
partment from the United States
Stuart at Montevideo announces the
proclamation of peace. He has previously
reported that all arrangements had
been made looking to peace, but that
the plan required the ratification
of congress. It is assumed that this
has now been given and that the
insurrection is at an end.

The final chapter in the reached by
the arbitrators who are to determine
the British Guinean-Venezuelan bound-
ary line, as to the fifth arbitrator or
umpire, who is to act with them. His
name is for the present withheld. It is
not Baron Curcel, whose name has
been mentioned in this connection, nor
King Oscar of Sweden, who was to name
the umpire only in case the arbiters
failed to agree. An agreement
was reached by the arbitrators, the
calling on the Swedish sovereign. The
umpire is an European, but this is said
to be without any significance since no
question involving the Monroe doctrine
is to be submitted to the tribunal.

The arbitrators in behalf of Venezuela
are Chief Justice Fuller and Justice
Brewer, of the United States supreme
court.

WASHINGTON, Sept. 25.—The depart-

the timber; that he shall cut not less
than 10,000,000 feet nor more than
30,000,000 feet a year, and that he shall
employ Indian labor when practicable
